

# Bayesian Data Analysis Resources

2024-01-20

## Table of contents

1	Quarto Documentation	1
2	Kruschke 2015	2
3	GitHub Repositories	2
4	Year 2021	2
5	Bayesian Data Analysis in Ecology with R and Stan	2
6	Kentaro Matsuura (2023). Bayesian Statistical Modeling with Stan, R, and ... {Note: this is an interesting approach/book, in some instances is rather naive and quite relaxed, while in some instances is complex, and slow to follow}	2
7	Statistical rethinking	2
8	MacCarthy	3
9	Josh Cook	3

## 1 Quarto Documentation

- [Quarto Documentation](#)

## 2 Kruschke 2015

- [Kruschke's Bayesian Data Analysis in R \(PDF\)](#)
- [Author's Site](#)
- [Original Course](#)

## 3 GitHub Repositories

- [GitHub for the book \(misc. authors\)](#)
- [Python Implementation](#)
- [TidyVerse Implementation](#)

## 4 Year 2021

- [Bayesian Analysis Reporting Guidelines](#)

## 5 Bayesian Data Analysis in Ecology with R and Stan

- **Authors:** Fränzi Korner-Nievergelt, Tobias Roth, Stefanie von Felten, Jérôme Guélat, Bettina Almasi, Pius Korner-Nievergelt
- [BDAEcology](#)

## 6 Kentaro Matsuura (2023). Bayesian Statistical Modeling with Stan, R, and ... {Note: this is an interesting approach/book, in some instances is rather naive and quite relaxed, while in some instances is complex, and slow to follow}

- [gitHub](#)

## 7 Statistical rethinking

[site](#) [Julia code](#) [Videos](#)

## 8 MacCarthy

[Preface](#)

## 9 Josh Cook
